Preparation for the digital admission test

You must collect 5-10 objects that you associate with nature, which you must use for inspiration during the digital test. It could be something you are inspired by, are critical of, or just something that catches your attention.

Materials and tools you must have available during the test:

- Ordinary printer paper/copy paper 80 g in A4
- Paper you like to draw on in A3 or A4
- Pens and pencils, scissors, box cutter, white cotton cord
- Knitting yarn, wooden sticks (sticks used as barbecue skewers or flower sticks)
- 1 kg white clay, regular clay or magic dough
- Bendable steel wire
- White cardboard 2 mm in A4 or A3
- Cotton
- Tracing paper or sandwich paper
- Computer or tablet with the software you prefer to use
- Camera (if you have a good camera on your phone, you can use that)
