

KATALOG I

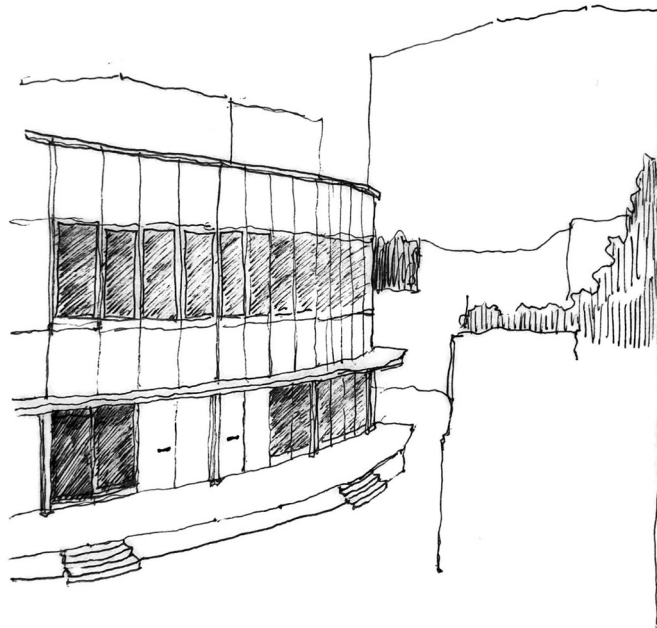

SKITSER & PROCES

Afgang 2023

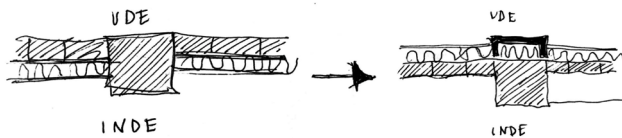

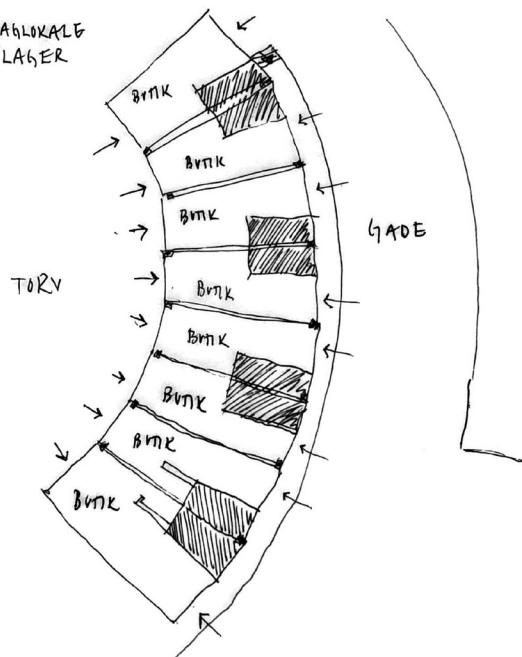

Transformation af Rågsveds Centrum

Aura Sanjuanello 160399

Andreas Vold 170388

OFFENTLIGT
 BAGLOKALE
 ILABER

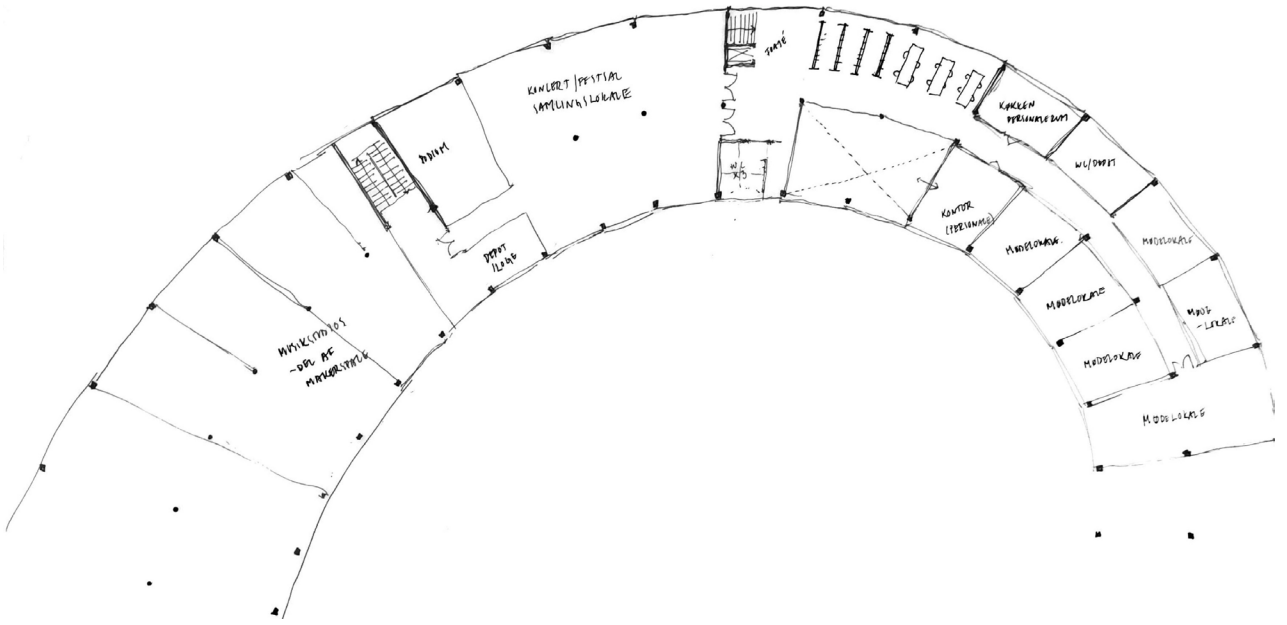

*Udvendig
efterisolering*

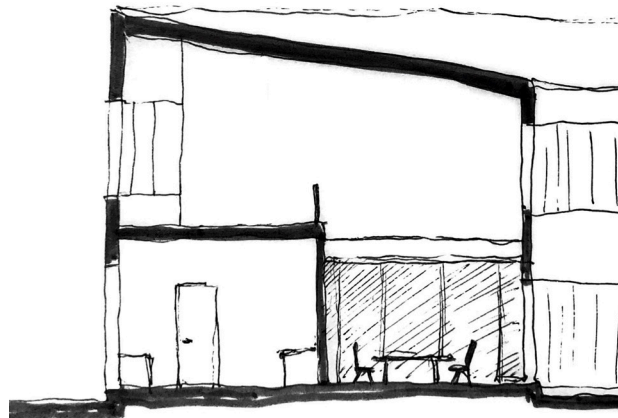

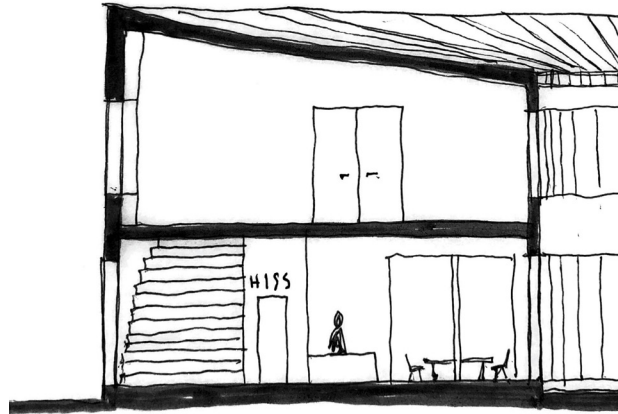

Butikker og andre programmer i stueetagen vendes udad

Læssekajer breddes og gøres til en del af gaderummet (belægning, trapper, ramper)

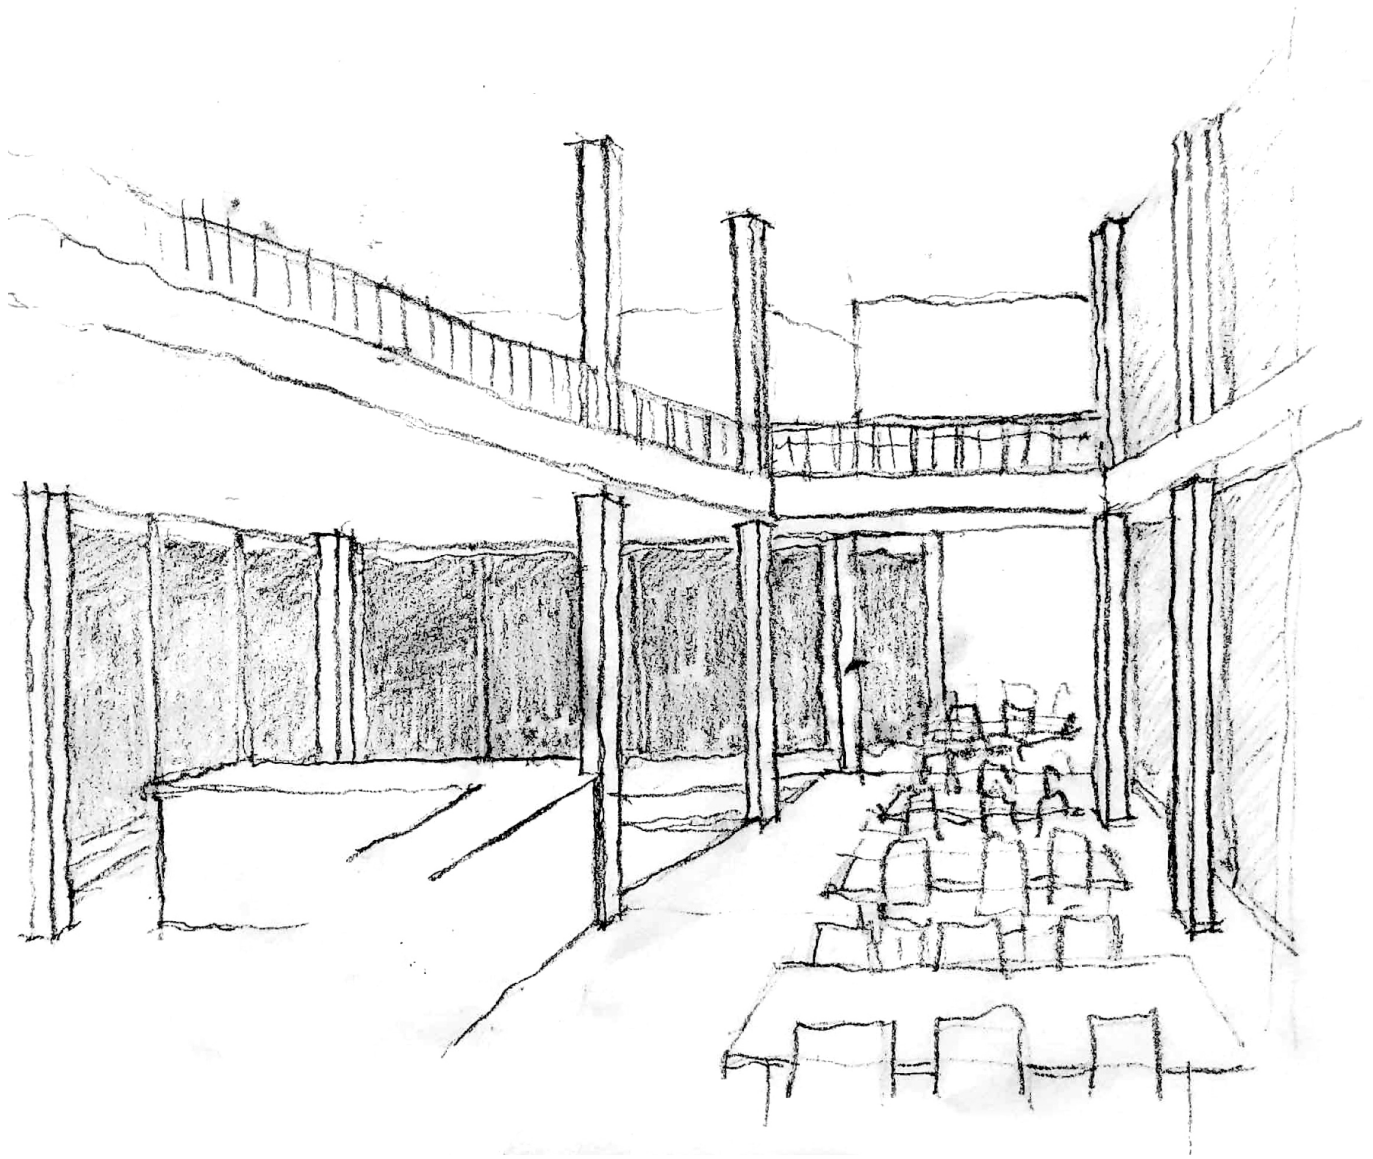

1. SALPLAN

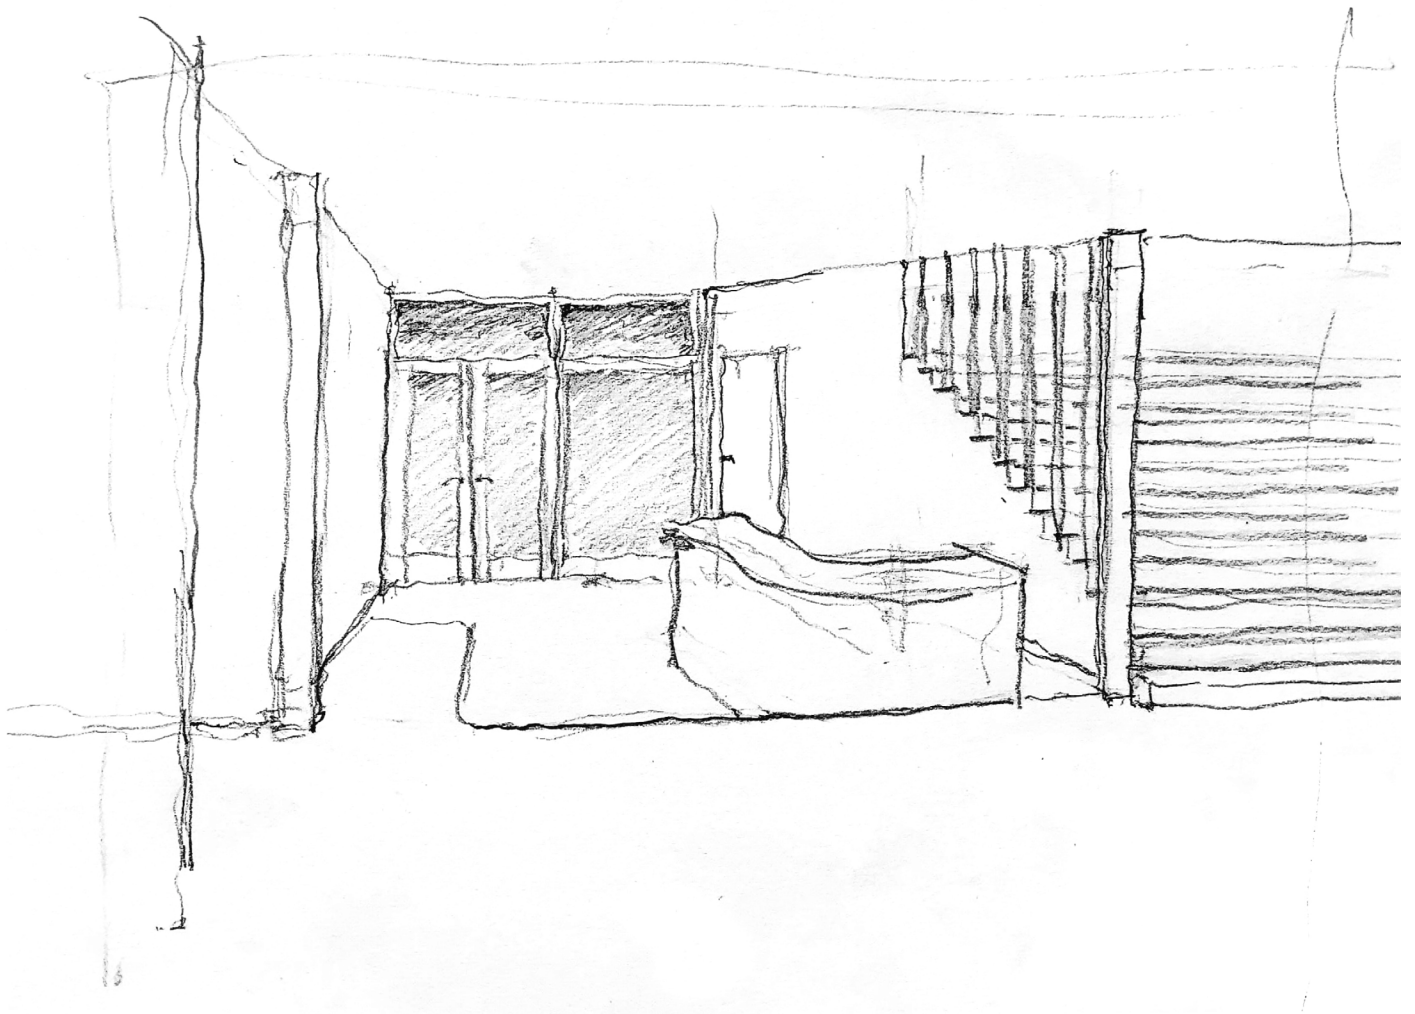

Plan over Folkets Hus, stueetage og første sal

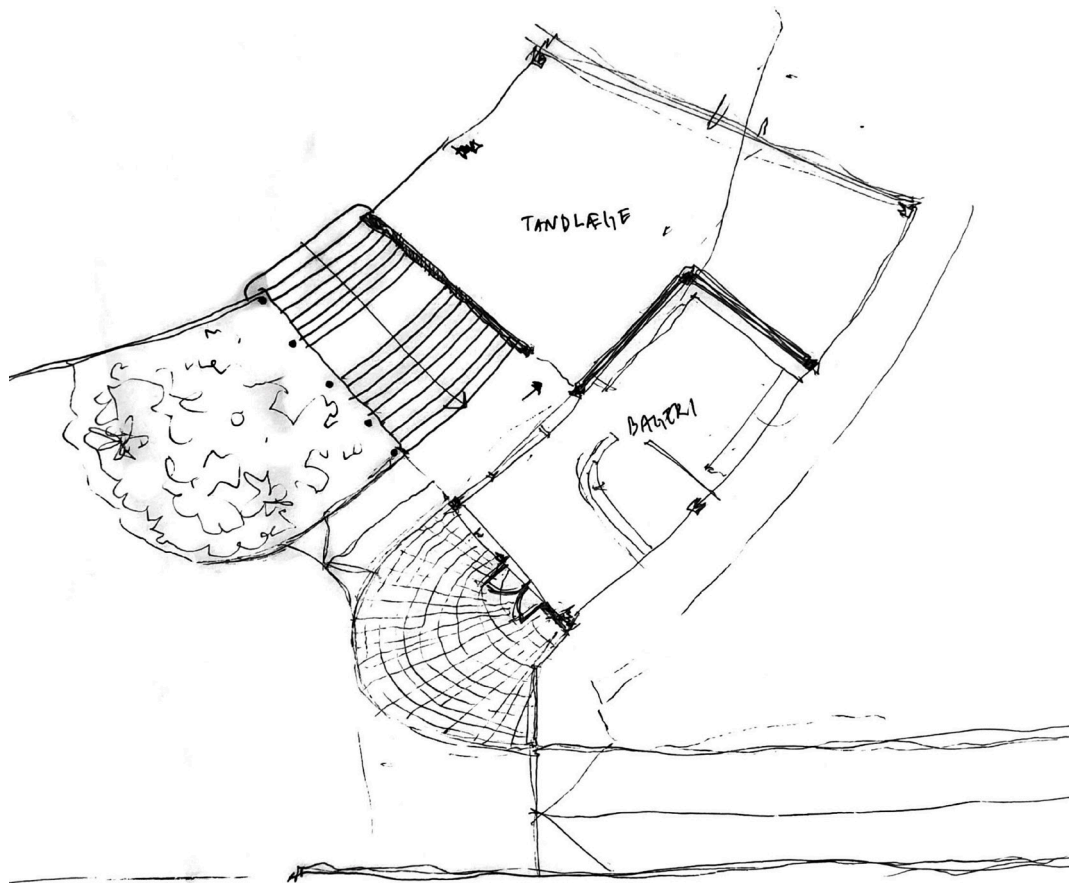

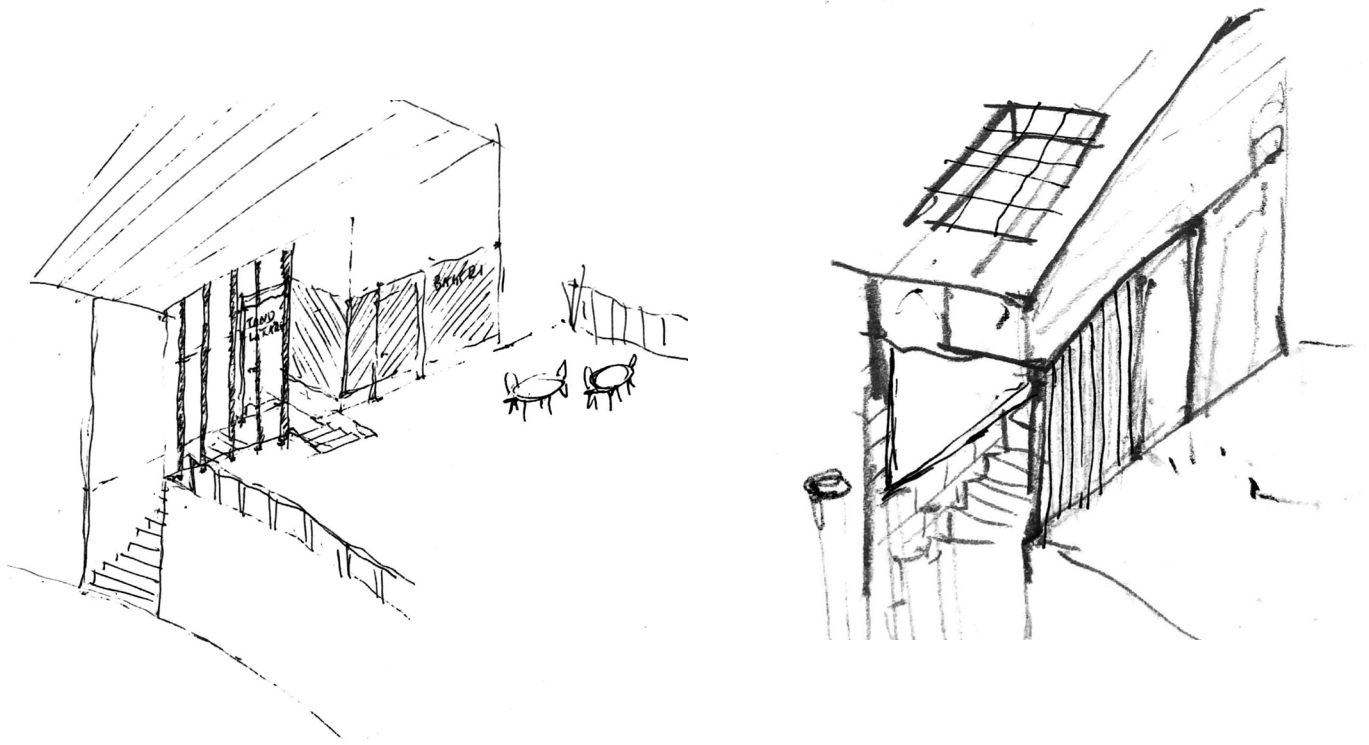

Snit gennem ny entré til Folkets Hus og folkekøkken
(frokostkantine om dagen, fællesspisning om aften)

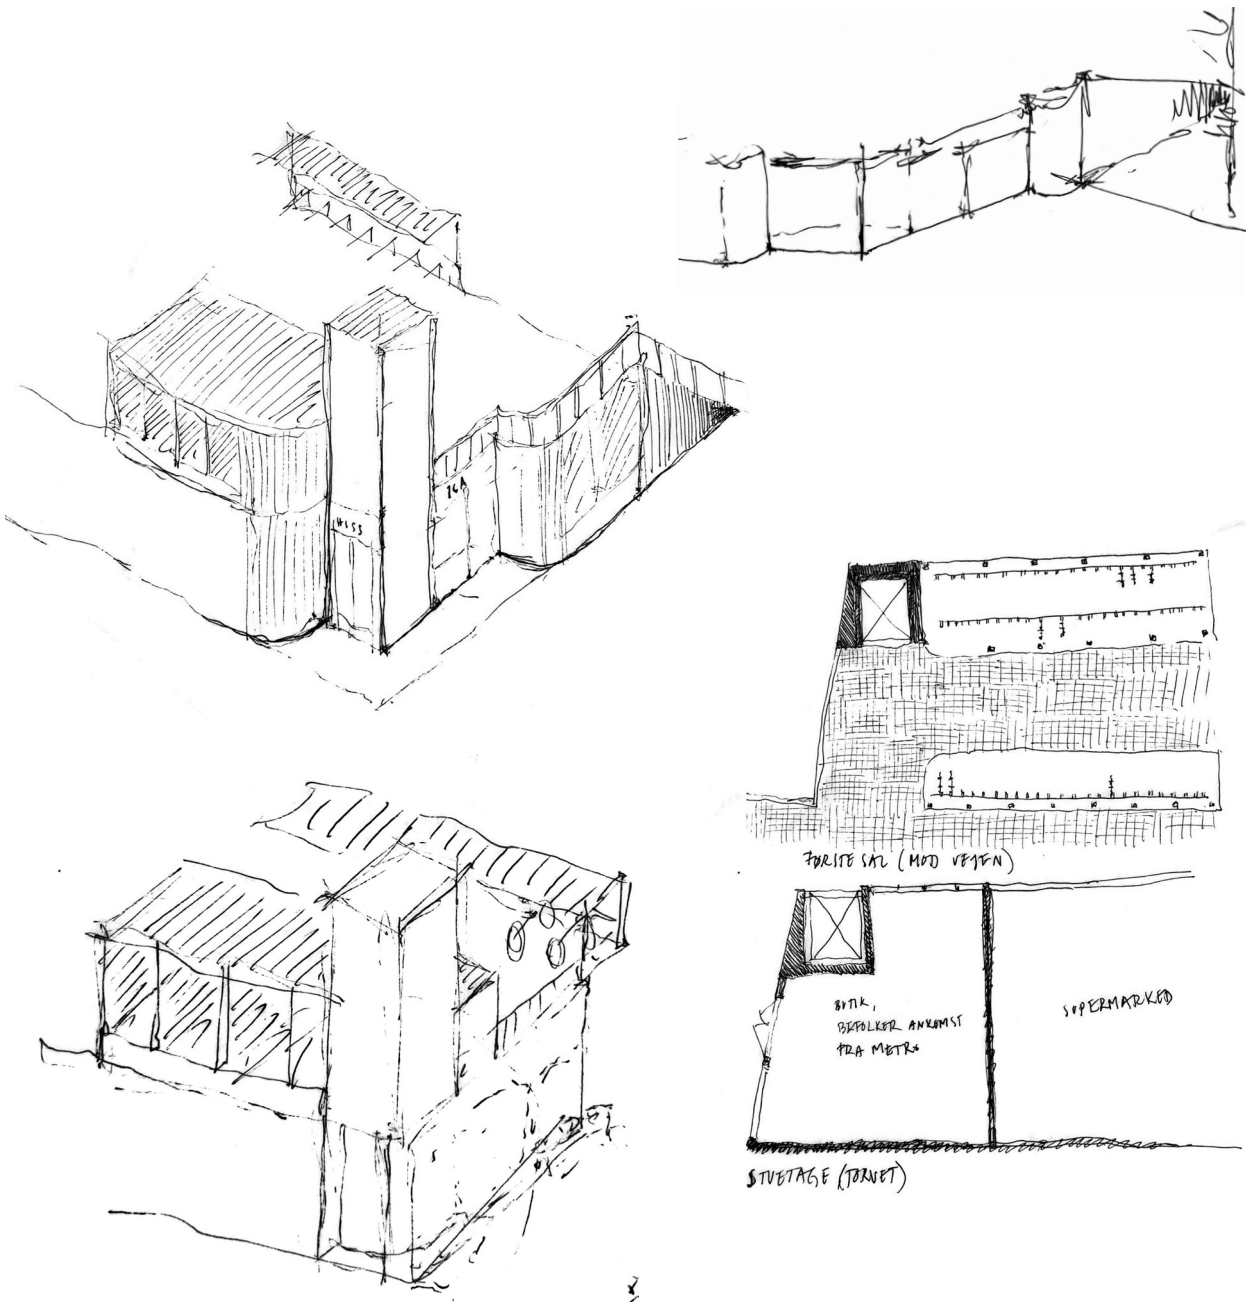

Skitse af kantine

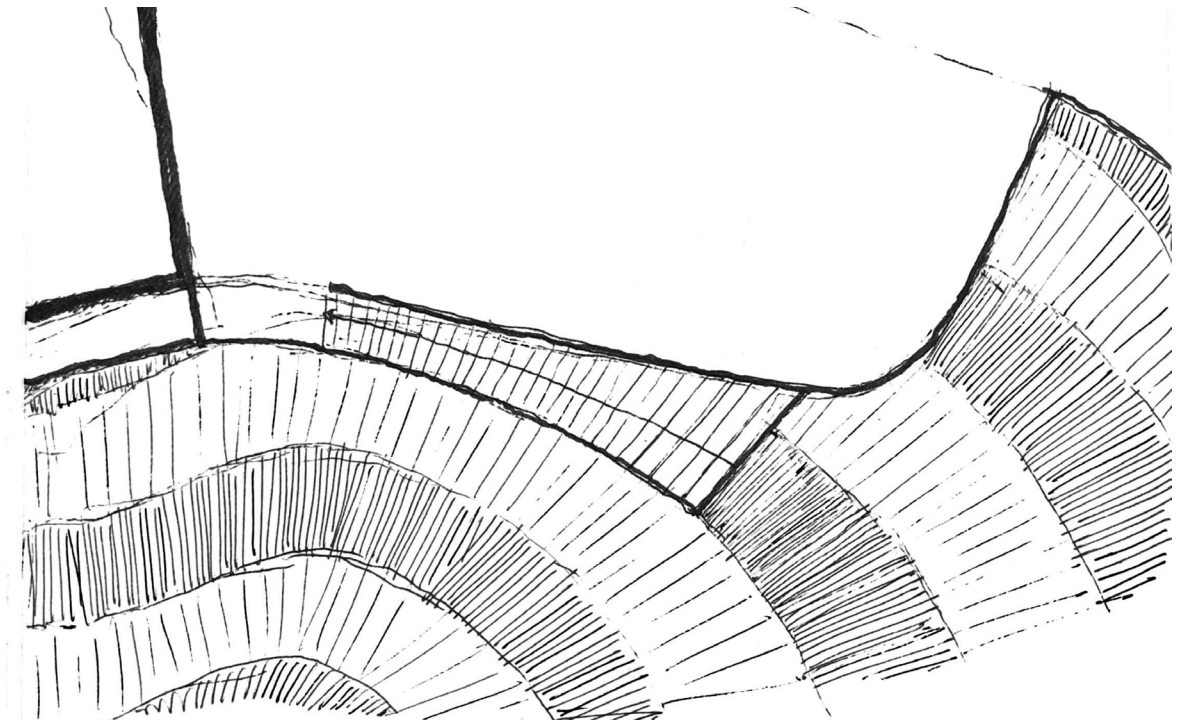

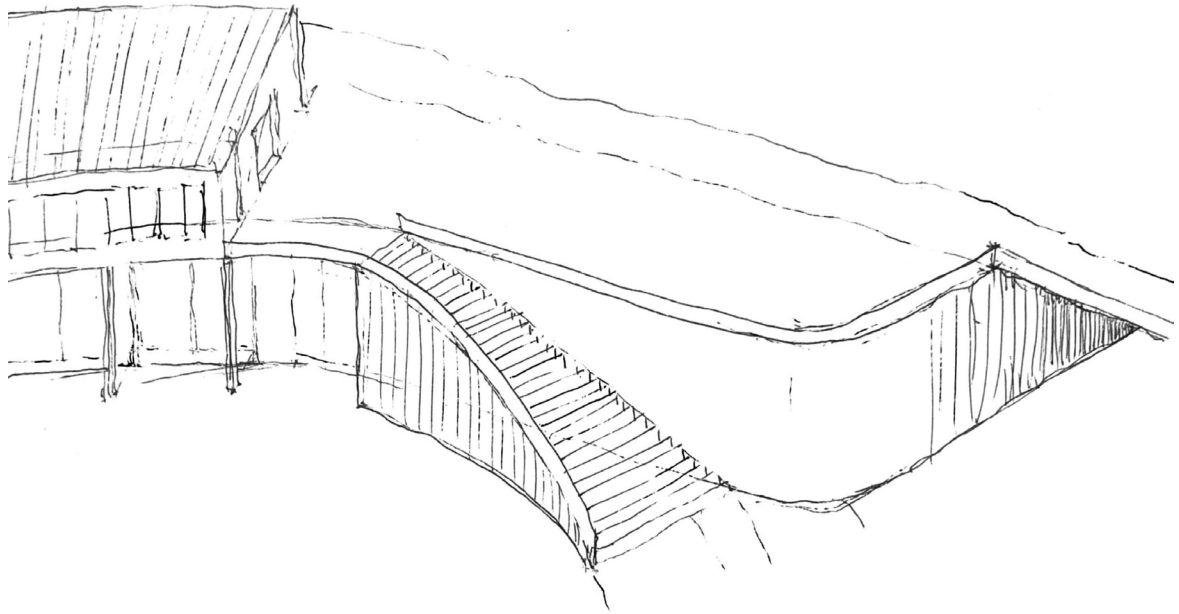

Skitse af ankomst, reception og trappe i Folkets Hus

Eksisterende trappe mellem vej og torv og åbnes op
Bageri ud mod gavl og trappe, pladسدannelse

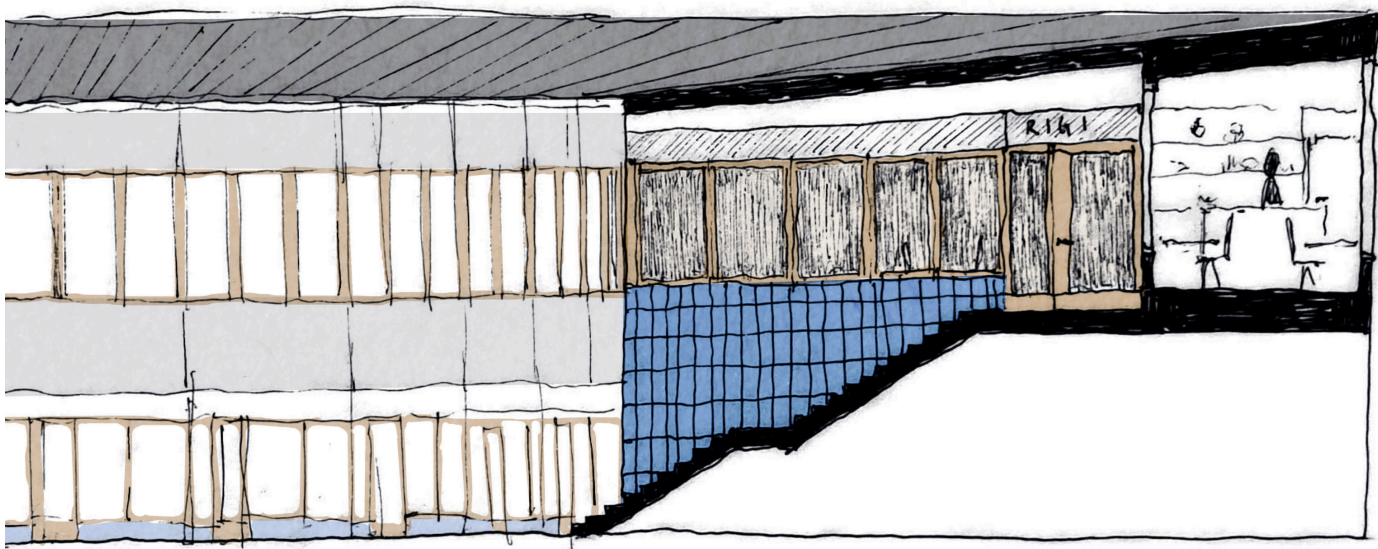

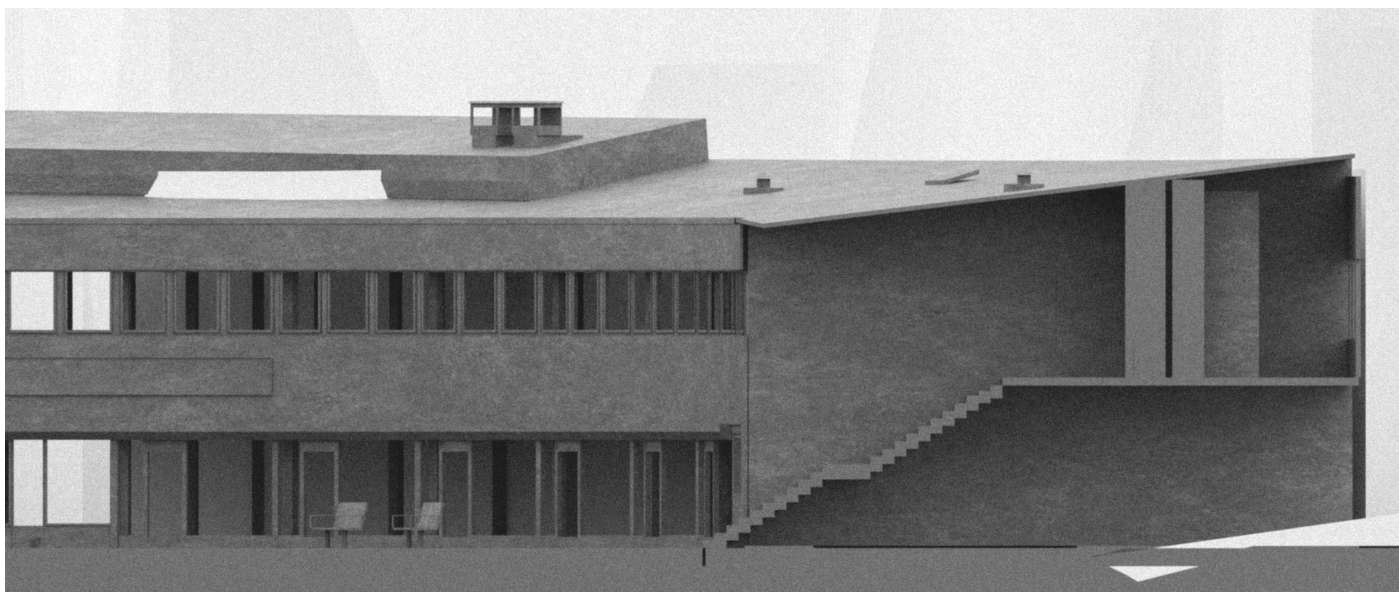

Elevatortårn forbinder opholdsdæk med torv og styrker ankomst fra metro som knudepunkt
 Funktioner der befolker dette knudepunkt, både på første sal og i stuen

Ny trappe mellem vej og torv, følger stenbelægningens kontur, bliver ev. til karnap

Elevatortårn, ankomst fra vej og ankomst fra metro

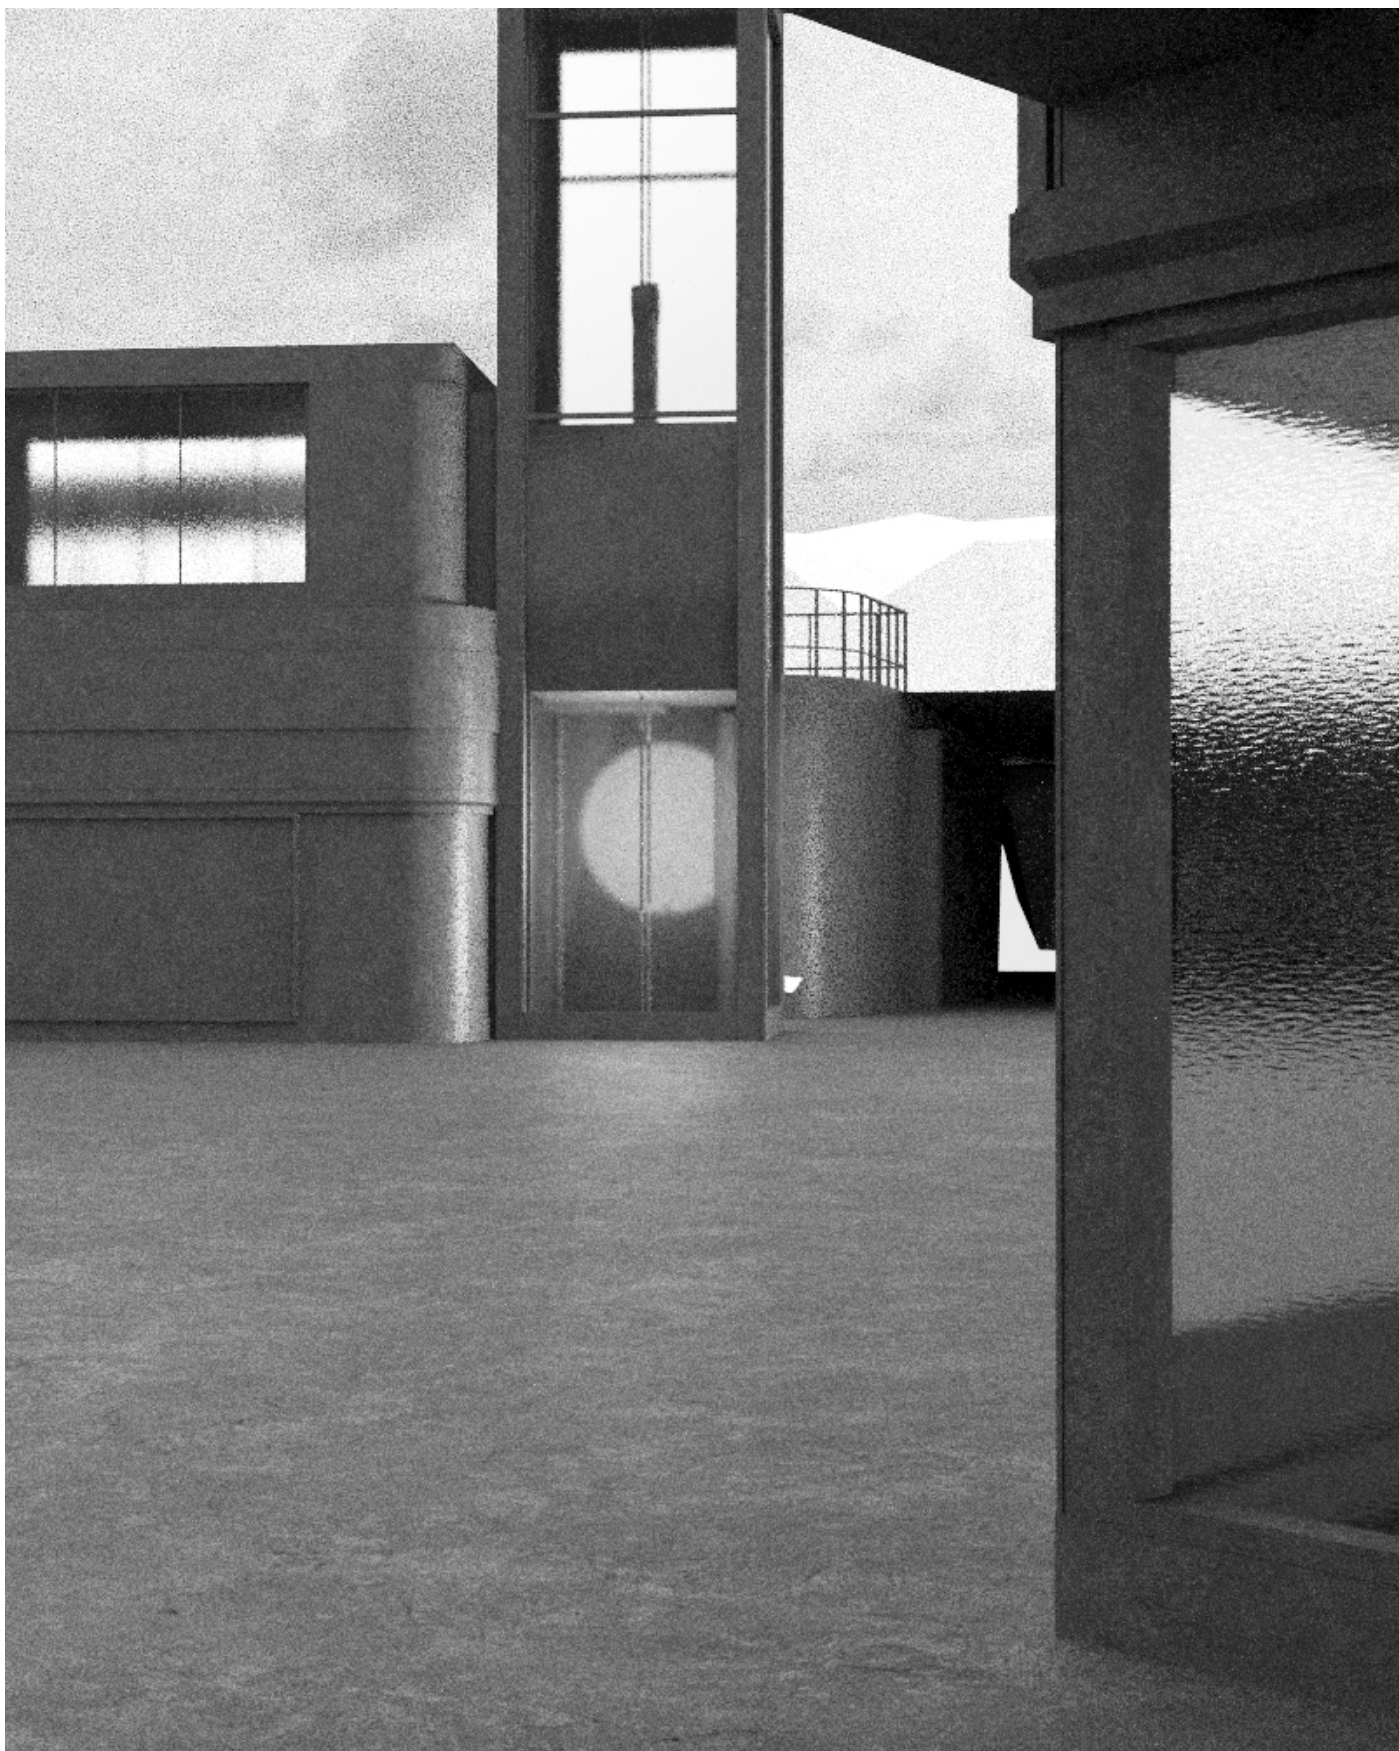

Snit gennem breddet trappe og bageri

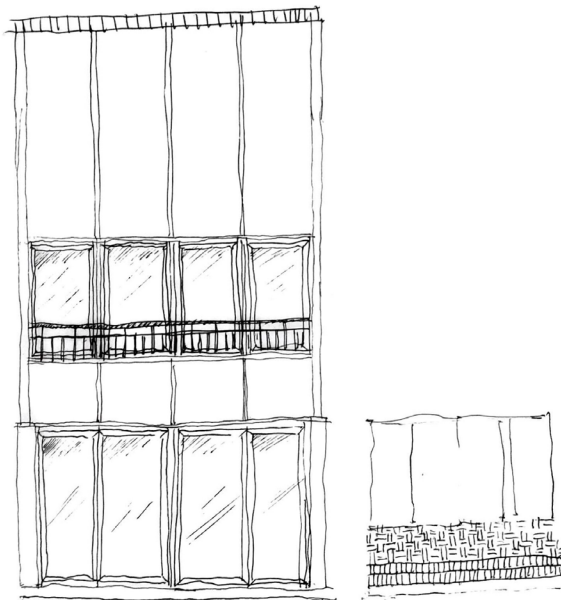

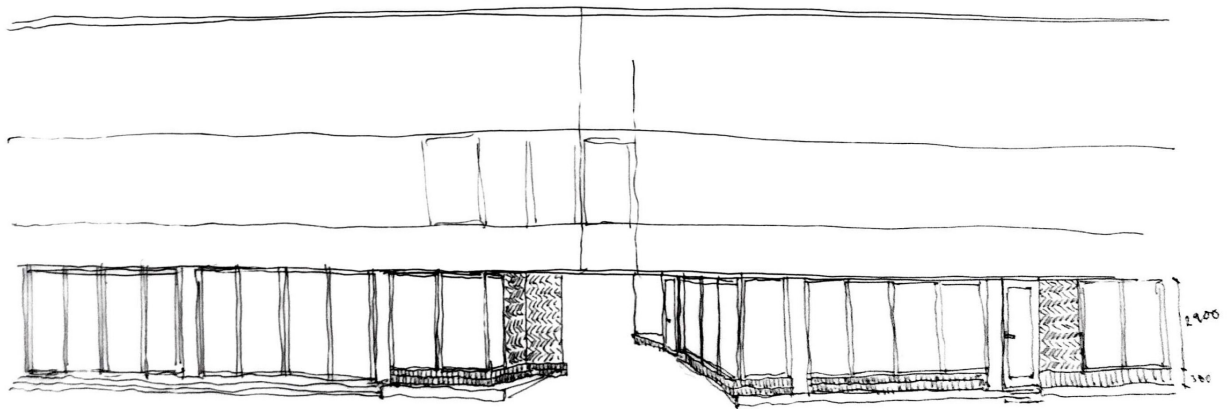

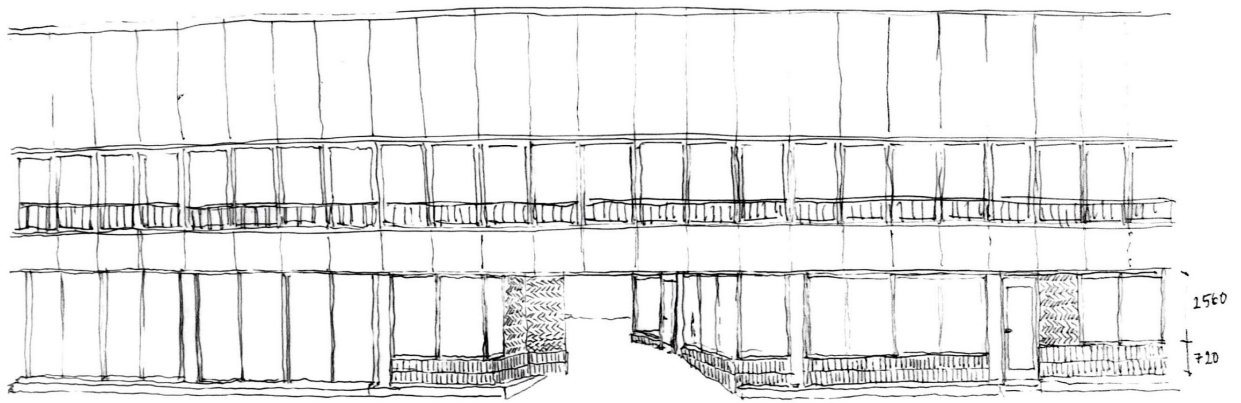

Nyt bliktag, oprindelig stålbeklædning pakkes ud (efterisolering bagved), trævinduer og flisebeklædning i sokkel og trappe

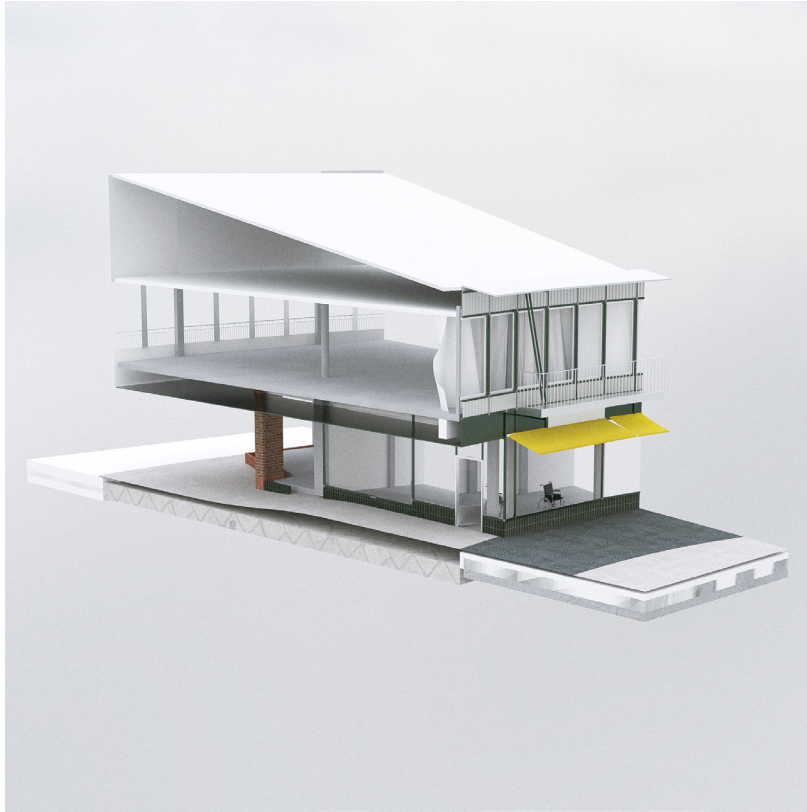

Tidlig visualisering af passage mod vest

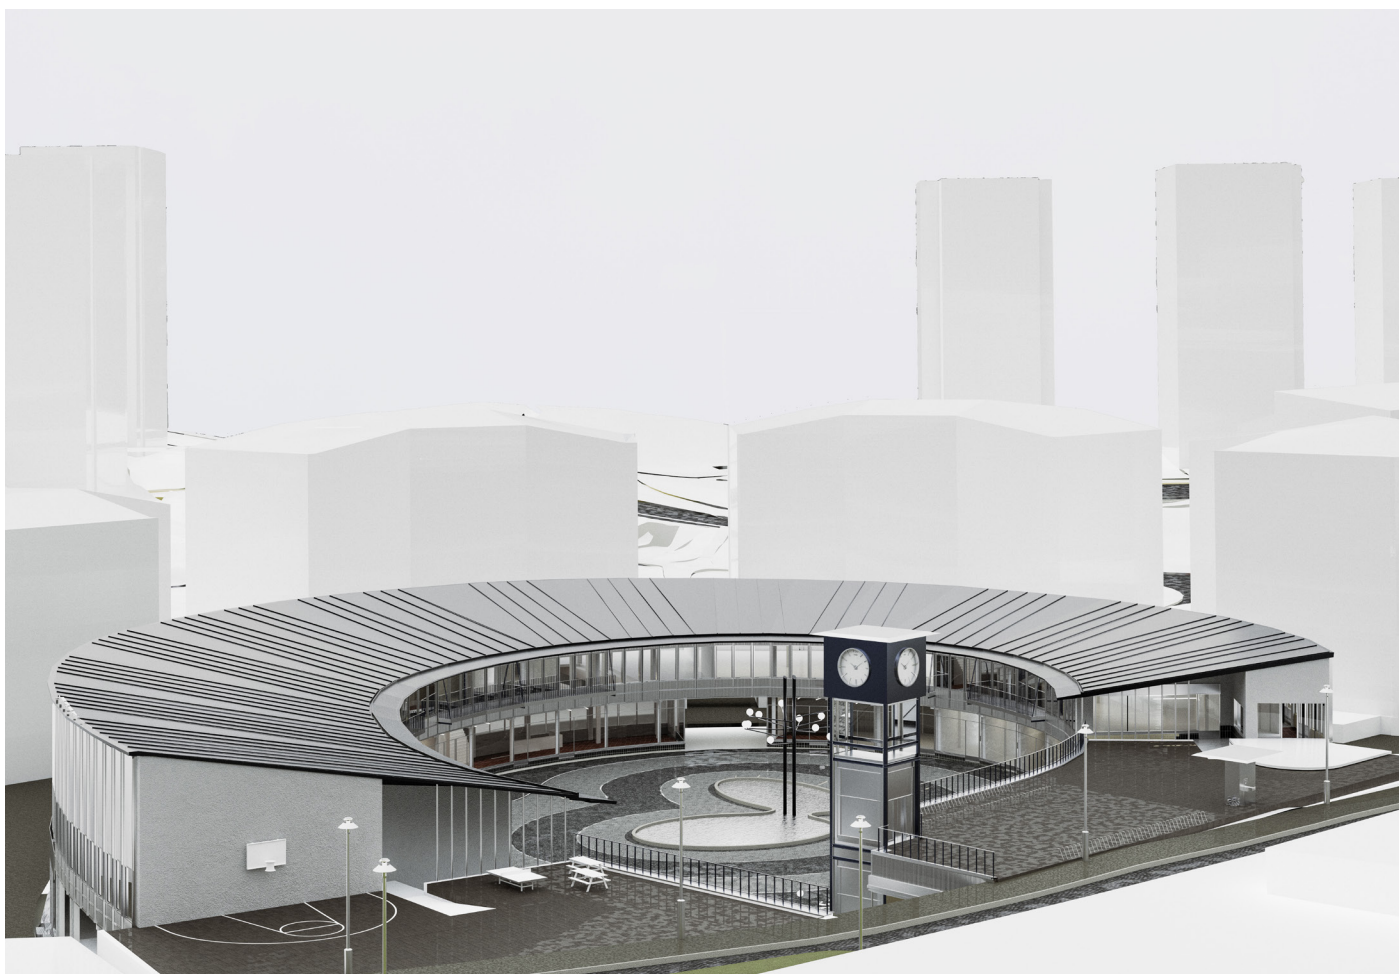

Tidlig visualisering af elevatortårn og entré til dagligvarebutik

Facadestudier - mod gaden

Skitse af modeludsnit 1:20

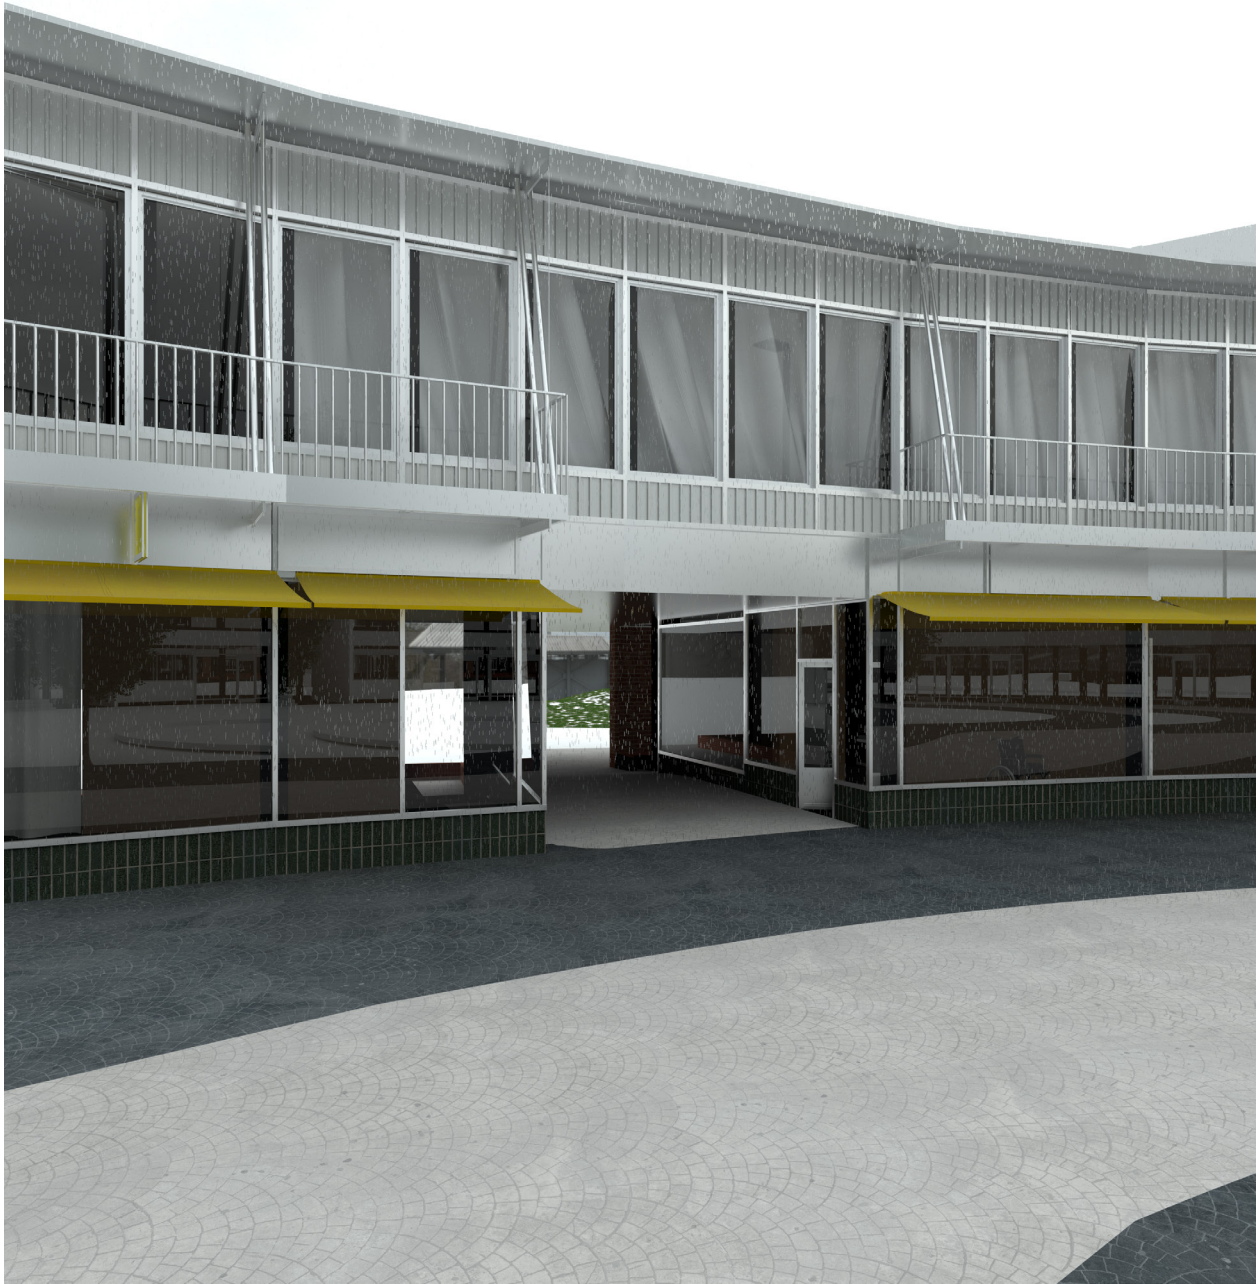

Visualisering - set fra metroen
