

Work Experience & Education

WORK EXPERIENCE

Louis Poulsen - Design Assistant

Address: Kuglegårdsvej 19 - 23, 1434 København K

Period: September 2021 till now

I work in the design team for the world renowned lamp manufacturer Louis Poulsen, where I do a wide range of tasks related to the development of new designs. I give critique to our external designers and help them refine their light concepts, I create design- and product specifications, I visualize concepts through renderings, I design proposals for new relaunches of heritage products, I test different concepts and proportions through 3D-printing and other forms of rapid prototyping, I order CMF tests, and lastly I also make the CAD-files for mockups and prototypes which I order from different suppliers globally.

Slaatto Design - Design intern & Freelance consultant

Address: Birkedommervej 33, 2400 København NV

Period: Internship: January 2021 to July 2021, Freelance Consultant: August 2021 - December 2021

During my internship at Slaatto Design I mainly assisted Øivind Slaatto in the product development of projects concerning light, sound and furniture for companies such as B&O, FDB, Magnus Olesen and Nuura. Furthermore, I also participated in many creative workshops with engineers and product developers from his clients. Lastly, I also worked on a strategic plan for commercial growth and a professionalization of Slaatto Design, which I got hired to do as a consultant.

Archival Studies - Design intern & Freelance Designer

Address: Bådehavnsvej 42, 2450 København SV

Period: Internship: July 2020 to September 2020, Freelance work: September 2020 to November 2020

During my internship at Archival Studies I was personally in charge of making a lamp design for a new Japanese restaurant in Carlsberg Byen. Furthermore, I also help the studio's cabinetmaker with the production of furniture. After the internship, I got hired to be in charge of the production and installation of the lamps.

Restaurant Bazaar - Floor Manager

Address: Dronningens Tværgade 21, 1302 København K

Period: April 2018 to September 2021

I worked as a floor manager in the restaurant, where I often had the full responsibility for more than 15 employees and over 300 dining guests in one night.

EDUCATION

The Royal Danish Academy

The Design School

Knowledge & Skills

SKILLS

Digital Skills

CAD Drawing (Rhinoceros)
Rendering (Keyshot)
Adobe InDesign
Adobe Illustrator
Adobe Photoshop
Microsoft Office
3D Printing
CNC Milling
Laser Cutting

Analogue Skills

Hand drawing
Photographing
Model Building
Wood working
Metal working
Soldering
Welding
Casting
Basic sewing, upholstery & weaving

KNOWLEDGE

Structuring design processes
Roadmapping
Co-Design & collaboration
UX-design
Workshop facilitation
Product specification

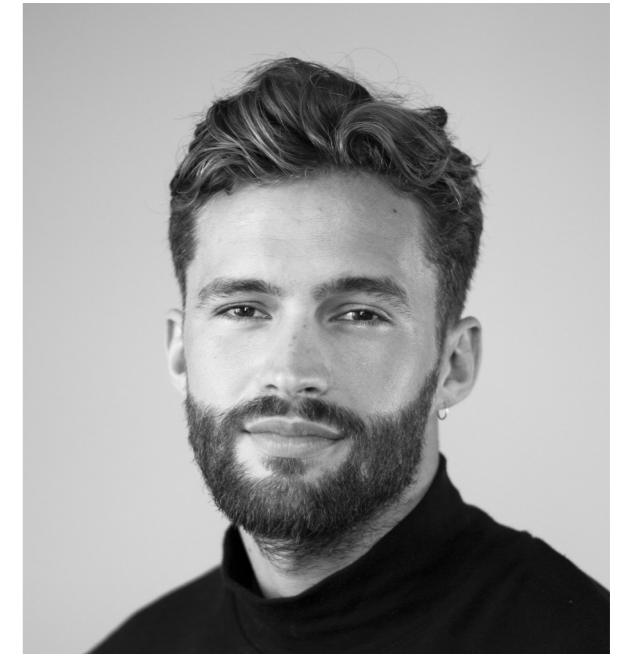

Lamp design & light theory
Lighting design & light planning
Light hardware og software (light sources, batteries, dimming, control systems, etc.)
Basic electricity
Certifications (Global standards, IP Classes, etc.)

Furniture construction & statics
Ergonomics & functionality
Sustainable design & production
Material knowledge
Basic LCA-Analysis

Academic Writing
Bench Marking & Pricing
Basic business strategy & analysis
